GENERAL INDEX TO THE FIRST SIXTEEN VOLUMES OF THE JOHNS HOPKINS HOSPITAL BULLETIN

FROM 1890 TO 1905, INCLUSIVE

I. AUTHOR AND TITLE INDEX

NOTE.—It will be noticed that in the index of authors the title of the paper has been made to correspond strictly with the title given by the author, both in form and spelling. In the subject index a uniform spelling has been employed.

ABBOTT, ALEXANDER C. VOL. PAGE

Bacteriological study of hail....I, 56
Corrosive sublimate as a disinfectant against the staphylococcus pyogenes aureus....II, 50
Letter concerning errors in "The Principles of Bacteriology."....III, 11
Milk as a culture medium for the tubercle bacillus. (Proceedings.)....I, 61
Report on the Koch treatment of tuberculosis at Berlin....II, 4
Report upon the heating and ventilation of the Johns Hopkins Hospital....II, 129
The relation between water supply and epidemics....I, 55
The relation of the pseudo-diphtheritic bacillus to the diphtheritic bacillus....II, 110, 143
Typhoid fever organisms and lower animals....I, 63

ABBOTT, ALEXANDER C., AND GHRISKEY, ALBERT A.

A contribution to the pathology of experimental diphtheria, with special reference to the appearance of secondary foci in the internal organs....IV, 29

ABBOTT, ALEXANDER C., AND WELCH, WILLIAM H.

The etiology of diphtheria....II, 25

ABEL, JOHN J.

A contribution to our knowledge of organic sulphur compounds in the field of animal chemistry....V, 123
Further observations on epinephrin....XII, 80
Further observations on the chemical nature of the active principle of the suprarenal capsule....IX, 215
On a simple method of preparing epinephrin and its compounds....XIII, 29
On the appearance of carbamic acid in the urine after the continued administration of lime water, and the fate of carbamic acid in the body....V, 37
On the behavior of epinephrin to Fehling's solution and other characteristics of this substance....XII, 337

ABEL, JOHN J., AND CRAWFORD, ALBERT C.

On the blood-pressure-raising constituent of the suprarenal capsule....VIII, 151

ALLBUTT, T. CLIFFORD.

Medicine in the nineteenth century....IX, 277

ALLEN, HERBERT W.

Albuminous expectoration following thoracentesis, with report of a case....XIV, 18

AMBERG, SAMUEL.

A contribution to the study of amœbic dysentery in children....XII, 355
Diphtheria with cardiac malformations. (Proceedings.)....XI, 258
Tuberculosis following syphilis. (Proceedings.)....XI, 258

AMES, DELANO. VOL. PAGE

Primary carcinoma of the gall-bladder....V, 74

AMICK, ALBERT L., AND STOKES, WILLIAM R.

Typhoid appendicitis without other intestinal lesions....XVI, 284

ANDERSON, H. B., AND FLEXNER, SIMON.

The results of the intra-tracheal inoculation of the Bacillus diphtheriæ in rabbits....IX, 72

ATKINSON, A. DUVAL.

Parotitis following visceral inflammation. A report of two cases....VIII, 204

AUSTIN, MABEL F.

Endocarditis due to a minute organism, probably the bacillus of influenza....X, 194

BAER, WILLIAM S.

Painful heels. (Proceedings.)....XVI, 264

BAER, WILLIAM S., AND KENNARD, H. W.

The diagnostic value of tuberculin in orthopedic surgery....XVI, 13

BAER, WILLIAM S., AND OTHERS.

Regeneration of the dorsal root of the second cervical nerve within the spinal cord. (Proceedings.)....IX, 144

BAETJER, F. HARRY.

Thoracic aneurisms. (Proceedings.)....XVI, 387

BAILEY, PIERCE.

Primary focal hæmatomyelia from traumatism. (Proceedings.)....IX, 292

BALTZELL, WILLIAM H.

Case of multiple nævi. (Proceedings.)....II, 104

BARDEEN, CHARLES R.

A new carbon-dioxide freezing microtome....XII, 112
Born's method of reconstruction by means of wax plates as used in the anatomical laboratory of the Johns Hopkins University....XII, 148
Edinger on "The Development of Brain Paths in the Animal Series."....VIII, 126
On certain visceral pathological alterations, the result of superficial burns. (Proceedings.)....VIII, 81
Use of the material of the dissecting room for scientific purposes....XII, 155

BARKER, LEWELLYS F.

A case of healed aneurism of the aorta. (Proceedings.)....V, 31
A case of pharyngomycosis leptothrica. (Proceedings.)....VI, 93
A new æsthesiometer....VIII, 125
Area of necrosis in internal capsule in typhoid fever. (Proceedings.)....XI, 72

BARKER, LEWELLYS F.—*Continued.* VOL. PAGE

Bilateral exostoses on the inferior surface of the calcaneus, gonorrhœal in origin. (Pododynia gonorrhoica.) (Proceedings.) XVI, 384
Bronzed diabetes, with enlargement of the liver and palpable spleen. (Proceedings.) XVI, 385
Changes in the cells of the nucleus dorsalis resulting from pressure upon the upper portion of the spinal cord. (Proceedings.) XI, 72
Concerning neurological nomenclature....VII, 200
Demonstration of Florence's iodine test for seminal stains. (Proceedings.) VIII, 133
Medical Commission to the Philippines....XI, 26
On the presence of iron in the granules of the eosinophile leucocytes V, 93
On the present status of therapy and its future....XI, 149
On the study of anatomy....XII, 87
Perichondritis probably of gonorrhœal origin. (Proceedings.) XVI, 385
Recurrent carcinoma in post-rectal tissues with metastases; death from infection with the streptococcus pyogenes. (Proceedings.) IV, 71
Some points regarding the pathology of malaria. (Proceedings.) VII, 74
The phrenology of Gall and Flechsig's doctrine of association centres in the cerebrum VIII, 7

BARKER, LEWELLYS F., AND BARDEEN, CHARLES R.

An outline of the course in normal histology and microscopic anatomy VII, 100

BARKER, LEWELLYS F., AND FLEXNER, SIMON.

Report upon an expedition sent by the Johns Hopkins University to investigate the prevalent diseases in the Philippines XI, 37
The recent outbreak of epidemic cerebro-spinal meningitis at Lonaconing and other places in the Valley of George's Creek, Maryland. (Proceedings.) IV, 68

BARKER, LEWELLYS F., AND FUTCHER, THOMAS B.

A case of purulent leptomeningitis associated with acute endocarditis due to infection with the Micrococcus lanceolatus. (Proceedings.) X, 232

BASSETT, VICTOR H., AND OPIE, EUGENE L.

Typhoid infection without lesion of the intestine. A case of hæmorrhagic typhoid fever with atypical intestinal lesions XII, 198

BAUMGARTEN, WALTER.

The clinical value of Oliver's hæmocytometer....XIII, 176

BEALL, F. C.

Cases of hernia in dogs....XVI, 196

BEAN, ROBERT BENNETT.

Observations on a study of the subclavian artery in man XV, 203

BERKLEY, HENRY J.

A case of acromegaly in a negress....II, 134
A case of chorea minor occurring during an attack of maniacal excitement in an adult....VI, 44
A case of paranoia, with a study of the cerebral convolutions V, 130
Acute ataxia (pseudotabes) following diarrhœa....III, 9
Dementia paralytica in the negro....IV, 94
Experimental lesions produced by the action of ricin on the cortical nerve cell. (Proceedings.) VII, 143
Lesions induced by the action of certain poisons on the nerve cell. Study VI—Diphtheria....VIII, 23
On nerve degeneration in some syphilitic growths....II, 80
Specimens of false porencephalia. (Proceedings.) ...XI, 93

BERKLEY, HENRY J.—*Continued.* VOL. PAGE

Strontium bromide in the treatment of chronic epilepsy IV, 50
Studies on the lesions induced by the action of certain poisons on the cortical nerve cell. Study VII—Poisoning with preparations of the thyroid gland VIII, 137
The condition of the gemmules or lateral buds of the cortical neurodendron in some forms of insanity.VI, 68
The Golgi silver stain with the central nervous system, and its results. A collective review....III, 26
The intrinsic nerves of the kidney—A histological study IV, 1
The nerve endings in the mucosa of the small intestines, muscularis mucosæ, and cortex of the kidney....III, 73
The pathological findings in a case of general cutaneous and sensory anæsthesia without psychical implication XI, 64
The psychical nerve cell in health and disease....VII, 162

BETTMANN, MILTON.

A case of labor in a bicornate uterus. (Proceedings.) XIII, 56
Fibrinous bronchitis. (Proceedings.) XII, 299

BILLINGS, JOHN S.

John Arderne and early English medical writers....V, 21
Rare medical books I, 29

BILLINGS, JOHN S., JR.

A fatal case of purpura hæmorrhagica, with extreme anæmia V, 65
The leucocytes in croupous pneumonia V, 105
The leucocytes in malarial fever V, 89
Therapeutic use of extract of bone marrow V, 115

BIRGE, E. G.

Some observations on the occurrence of Micrococcus zymogenes XVI, 309

BLACHSTEIN, ARTHUR G.

Intravenous inoculation of rabbits with the Bacillus coli communis and the Bacillus typhi abdominalis....II, 96

BLOCK, E. BATES.

A case of typhoid fever in which the typhoid bacillus was obtained twice from the blood during life....VIII, 119
The agglutinative action of the blood serum of patients suffering from typhoid fever VII, 206

BLOODGOOD, JOSEPH C.

A new apparatus for immediate and permanent drainage of the urinary bladder after suprapubic cystostomy VII, 64
An early case of ulcer of the stomach....XV, 345
Angioneurotic erythema and its surgical treatment by neurectomy XIV, 138
Early exploratory operations in tuberculosis of the hip XI, 11
Exhibition of a case of skin grafting. (Proceedings.) IV, 110
Giant cell sarcoma of the bone XIV, 134
Method of instruction in surgical pathology....XIV, 220
New operation for hemorrhoids. (Proceedings.) VII, 24
Perforating gunshot wound of chest. (Proceedings.) .VII, 24
Rarer cases of and observation on streptococcus infection. (Proceedings.) VIII, 47
Rupture of right abdominal muscle. (Proceedings.) ..V, 33
Sarcoma in the floor of the mouth. Excision followed by hypertrophy of the left submaxillary gland. (Proceedings.) V, 120
Sarcoma of the tibia. (Proceedings.) XIV, 315

BLOODGOOD, JOSEPH C.—*Continued.* VOL. PAGE
Strangulated hernia. (Proceedings.) V, 32
The transplantation of the rectus muscle in certain cases of inguinal hernia in which the conjoined tendon is obliterated IX, 96
Two cases of acute pancreatitis. (Proceedings.) ...XII, 26

BLUMER, GEORGE.
Aplastic anæmia associated with lymphoid hyperplasia of the bone-marrow XVI, 127
Cardiac hypertrophy. (Proceedings.) VII, 144
Exhibition of a case of hemiplegia with motor aphasia, occurring in a patient convalescing from typhoid fever. (Proceedings.) VII, 72
Generalized melanotic sarcoma. (Proceedings.) VII, 188
Notes on some cases of angina treated with Behring's antitoxine VI, 158
Notes on two cases of ureteral abnormality.....VII, 174
Specimen of adenocarcinoma of pancreas. (Proceedings.) VII, 189
The relation of the status lymphaticus to sudden death, death under anæsthesia, and infection.....XIV, 270

BLUMER, GEORGE, AND LAIRD, ARTHUR T.
Report of a case of fulminating hemorrhagic infection due to an organism of the Bacillus mucosus capsulatus group XII, 45

BLUMER, GEORGE, AND THAYER, WILLIAM S.
Ulcerative endocarditis due to the gonococcus; gonorrhœal septicæmia VII, 57

BLUMER, GEORGE, AND YOUNG, HUGH H.
A case of anthrax septicæmia in a human being associated with acute anthrax endocarditis and peritonitis VI, 127

BOGGS, THOMAS R.
Arthritis deformans. (Proceedings.) XIII, 115
Bacteriological observations in some cases of bronchiectasis. (Proceedings.) XVI, 288
Uncinariasis. Report of a case of infection with the American species XIV, 232

BOMBAUGH, CHARLES C.
Female poisoners—ancient and modern.....X, 148
Medical fees in ancient Greece and Rome.....IX, 183
The plagues and pestilences of the Old Testament....IV, 64

BOOKER, WILLIAM D.
A case of abdominal tuberculosis. (Proceedings)....II, 41
A case of combined diphtheria, measles, and chicken-pox. (Proceedings.) IV, 52
Case of dactylitis. (Proceedings.) II, 104
Enlarged liver. (Proceedings.) I, 115
Enlarged spleen. (Proceedings.) I, 114
Fissure of the anus. (Proceedings.) I, 113
Hæmatoma of the sterno-cleido-mastoid muscle in an infant. (Proceedings.) IV, 52
Hippocrates on diseases of children. (Proceedings.)..III, 76
Stomach washing in children. (Proceedings.) I, 69
The relation of pseudo-diphtheric angina to diphtheria, with special reference to scarlatinal pseudo-membranous angina III, 109

BREM, WALTER V.
Action of the toxic agent of lobar pneumonia: Therapeutics XVI, 321

BRIGGS, JOHN B.
Recurring phlebitis of obscure origin.....XVI, 228
The results of some observations on blood-pressure in morbid conditions in adults.....XIV, 35

BROCKWAY, FREDERICK J. VOL. PAGE
Bilateral dislocation of jaw. (Proceedings.) I, 59
Compound depressed fracture of skull. (Proceedings.) .I, 21
Radical cure of hernia. (Proceedings.) I, 21
Thiersch's skin grafting with exhibition of cases. (Proceedings.) I, 36

BRÖDEL, MAX.
The intrinsic blood-vessels of the kidney and their significance in nephrotomy XII, 10

BROOKS, WILLIAM K.
On the origin of the thyroid gland.....IV, 47
Scientific laboratories X, 199
The inheritance of deafness. (Proceedings.) XI, 112
William Harvey as an embryologist.....VIII, 167

BROWN, GEORGE S.
A case of pneumo-cardial rupture. (Correspondence.) VIII, 33

BROWN, JAMES.
Catheterization of the male ureters.....IV, 73
Catheterization of the ureters in the male.....VI, 12

BROWN, THOMAS R.
A broken catheter in the bladder, cystitis, calculus, pyelonephritis, lateral lithotomy, death. (Proceedings.) III, 75
Aortic aneurysm. (Proceedings.) IX, 272
Hæmaturia of doubtful significance. (Proceedings.)..III, 41
On the chemistry, toxicology, and therapy of snake poisoning X, 221
On the specific gravity of the urine during anæsthesia and after salt solution enemata IX, 190
Ovarian cysts in the negress.....X, 44
Studies on trichinosis VIII, 79
The bacteriology of cystitis, pyelitis, and pyelonephritis in women XII, 4
Urinary anomalies XI, 97

BRUSH, CLINTON E., JR.
Notes on cervical ribs.....XII, 114

BUCKLER, H. WARREN.
Pulmonary tuberculosis in Baltimore.....XII, 288

BUNTING, C. H.
Case of arthritis deformans. (Proceedings.).....XIII, 250
Congenital cystic kidney. (Proceedings.) XVI, 411
Multiple primary carcinomata of the ileum.....XV, 389
The etiology and pathogenicity of pernicious anæmia XVI, 222
The etiology of serofibrinous pleurisy with reference to cytological diagnosis XIV 185

BURNAM, CURTIS F.
Exhibition of four appendices vermiformes showing unusual pathological conditions (from the service of Dr. Kelly) XV, 136

CABOT, ARTHUR T.
Personal experience in operations for stone in the bladder XI, 107

CABOT, RICHARD C.
An improved stethoscope. (Proceedings.) XI, 33
The limitations of urinary diagnosis. (Proceedings.).XV, 174
The pulmonic second sound. (Proceedings.).....XI, 33

CABOT, RICHARD C., AND LOCKE, EDWIN A.
On the occurrence of diastolic murmurs without lesions of the aortic or pulmonary valves.....XIV, 115

CALVERT, WILLIAM J.
A convenient still to make absolute alcohol.....XVI, 68
A practical method of demonstration.....XVI, 19

CALVERT, WILLIAM J.—*Continued.* VOL. PAGE

A preliminary report on the blood in two cases of filariasis XIII, 23
Eosinophilia in filariasis XIII, 133
Movability of the heart in pneumothorax XVI, 300
On the blood-vessels of the human lymphatic gland XII, 177
Plague in the Orient XIV, 60
The history of the medical department of Transylvania University and its faculty X, 153

CALVERT, WILLIAM J., AND ELTING, ARTHUR W.

An experimental study of the treatment of perforative peritonitis in dogs by a new method of operation VIII, 143

CAMAC, C. N. B.

A visit to Bad Nauheim, with the purpose of investigating the "Schott treatment" for chronic heart disease VIII, 101
Broadbent's sign. (Proceedings.) IX, 271
Historic outline of cardiac pathology and clinical aspects of chronic myocarditis XV, 27
Resistance to quinine of certain forms of malaria. (Proceedings.) X, 69

CAMPBELL, D. G. J., AND SIMON, CHARLES E.

A case of myelogenous leukemia. (Proceedings.) XV, 181
A contribution to the study of cystinuria XV, 365

CAMPBELL, GIVEN, AND GHISELIN, A. D.

A quick method of filtering blood serum VI, 91

CAREY, H. W.

Report of two testicular teratomata with a review of the recent literature XIII, 268

CARROLL, JAMES.

Address at the unveiling of the memorial tablet to Dr. Lazear XV, 387

CARTER, EDWARD P.

Report of a case of polybacterial infection in typhoid fever, with especial reference to certain involutions exhibited by the Bacillus typhosus VIII, 115

CHATARD, J. A.

Acute pericarditis complicating acute lobar pneumonia XVI, 334

CHITTENDEN, ARTHUR S.

On the solution of mercury in the body X, 92

CHRISTIAN, HENRY A.

Some newer aspects of the pathology of fat and fatty degeneration XVI, 1
Two instances in which the musculus sternalis existed.—One associated with other anomalies IX, 235

CHURCHMAN, JOHN W.

A case of congenital urethral stricture associated with hematuria and symptoms suggesting renal disease XVI, 256
Atheromatous cyst of the scrotum. (Proceedings.) XVI, 264
Bladder calculus in an infant. (Proceedings.) XVI, 264
Traumatic atrophy of the testicles. (Proceedings.) XVI, 265

CLARK, ALFRED H., AND BOWLEY, ROBERT L.

A case of Cæsarean section following ventral fixation XVI, 101

CLARK, JOHN G.

A death from chloroform. Impossibility of inducing artificial respiration on account of rigid thorax and adherent abdominal viscera VI, 89
A more radical method of performing hysterectomy for cancer of the uterus VI, 120
A rare case of lithopedion VIII, 221

CLARK, JOHN G.—*Continued.* VOL. PAGE

Origin, development, and degeneration of the blood-vessels of the ovary X, 40
Papilloma of the Fallopian tube IX, 163
Postural method of draining the peritoneal cavity after abdominal operations VIII, 59
Sub-acute and chronic cystitis treated by the vesical balloon VII, 44
Ten cases of cancer of the uterus operated upon by a more radical method of performing hysterectomy VII, 37
The causes and significance of uterine hemorrhage in cases of myoma uteri X, 11
The cure of uterine cancer. (Proceedings.) XVI, 149

CLARK, JOHN G., AND MILLER, G. BROWN.

The sterilization of catgut by cumol VII, 46

CLARKE, THOMAS W.

Aneurism of abdominal aorta or cœliac axis. (Proceedings.) XIV, 86
Repeated copious hæmoptysis from an aortic aneurism, extending into the right lung and finally rupturing into the pleura XVI, 98

CLEMENT, A. W., AND MACCALLUM, WILLIAM G.

Pulmonary tuberculosis, with diffuse pneumonic consolidation, in a lion XI, 85

CLOWES, G. H. A.

Preliminary communication regarding an immune body capable of inhibiting the development of cancer in mice (adenocarcinoma, Jensen) XVI, 130
Abstract. (Proceedings.) XVI, 146

CODMAN, E. A.

The use of the X-ray in surgery XIV, 120

COLE, RUFUS I.

Blood cultures in pneumonia XIII, 136
Cases of malignant endocarditis with septicæmia. (Proceedings.) XIII, 252
Case of typhoid fever showing some unusual features. (Proceedings.) XVI, 118
Cystic kidney. (Proceedings.) XVI, 411
Exhibition of a case of probable tuberculosis of the parotid gland. (Proceedings.) XV, 258
Exhibition of cases of typhoid meningitis. (Proceedings.) XV, 62
Experimental streptococcus arthritis. (Proceedings.) XVI, 114
Frequency of typhoid bacilli in the blood XII, 203
Note on a case of infection by Bacillus aërogenes capsulatus, in which the organism was demonstrated in the circulating blood during life XIII, 234
Pneumococcus septicæmia, meningitis and arthritis. (Proceedings.) XIII, 143
Pulsating empyema. (Proceedings.) XVI, 411

COLEY, WILLIAM B.

Further observations upon the treatment of malignant tumors with the toxins of erysipelas and Bacillus prodigiosus, with a report of 160 cases VII, 157

CONE, CLARIBEL.

Encysted dropsy of the peritoneum secondary to uterotubal tuberculosis and associated with tubercular pleurisy, generalized tuberculosis and pyococcal infection VIII, 91
On tuberculosis of the œsophagus, with the report of a case of unusual infection VIII, 229

CONE, SYDNEY M.

A case of carcinoma metastases in bone from a primary tumor of the prostate IX, 114

CONE, SYDNEY M.—*Continued.* VOL. PAGE
Squamous epithelioma and epithelial hyperplasia in sinuses and bone following osteomyelitis.....VIII, 146
Squamous epithelioma in a dermoid of the jaw.....VIII, 208
Tendon transplantation XII, 259

COOK, HENRY W.
Nitrogen excretion in pneumonia and its relation to resolution XIII, 307
The clinical value of blood-pressure determinations as a guide to stimulation in sick children.....XIV, 37

CORDELL, EUGENE F.
Charles Frederick Wiesenthal, medicinæ practicus, the father of the medical profession of Baltimore....XI, 170
Dr. Charles Frederick Wiesenthal's medical reports..XVI, 407
